NEW YORK

Recognized by national and international publications, I am a New York designer with roots from France, where I grew up in a tiny 12th century village. Surrounded by vineyards and sunflower fields, my design aesthetic was developed from the comforts of the home and rich cultural heritage.

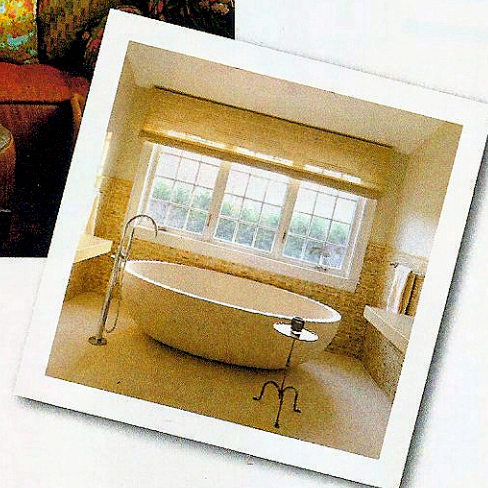

SIGNATURE STYLE

Global eclectic with a soft modern feel, to create luscious and indulgent spaces.

thoughts on...

NEW YORK: As a young girl I dreamt that I would one day conquer New York – hasn't quite happened yet, but I am hopelessly in love with this vibrant, fun and demanding city.

her favorites

I love sourcing upcycled industrial pieces from France and the Midwest, antiques from Marrakech and Southeast Asia, luscious chaises that call for blankets and a good book, and Italian outdoor furniture. All of my favorite items can be found at Interieurs.

Other beloved activities include Soho fashion shopping at Malandrino and Chanel, grabbing a drink at the Bunker Club in the Meatpacking District, and dining at Le Colonial to be whisked away to the Vietnam of French Colonial times.
