Grey Cone Bubble Pendant Collection: Caleb Siemon

Description:

This collection continues the language of contrast of the lattimo and banded lines but adds a new dimension with a swath of textured whipped glass. Paired with a soft color and simple form, creating complexity and depth, the textured layer of bubbles create a pattern of hundreds of diamond shapes when lit. Designed by Caleb Siemon+Carmen Salazar. Made in California. Signed.

Measurements:

6"W x 12"H
